

Speech- Dan Kelly

By Harley

Hey mates I am Dan Kelly the brother of Ned Kelly and we are a part of the Ned Kelly gang. I am at the town of Glenrowan in the Glenrowan inn.

We planned to derail the train, (but the school master stopped the train). We will stop the train and kill the police. We will fight until the end.

I could see that mums and dads were worried and children were screaming and crying. All I could hear were loud gun shots hitting my armour and bouncing around the room while the loud noise was hurting my ears.

I could feel my heart pounding fast like it was jumping out of my chest. The armour became hot and I was worried but I had to keep going or I would die either way.

Could you imagine If the Ned Kelly gang escaped the inn and killed the police?

The gun fight took ages. We kept shooting to save our lives until more and more bullets kept flying around the room hitting my armour and a cop managed to shoot me in the arm and fatally wounded me. Ned was fighting for us and had to get cops around us so he went out fighting but got shot in the leg where there was no armour.
