

Speech-Dan Kelly

By Fletcher

Hello Mates

My name is Dan Kelly. I was in the last stand at Glenrowan Inn. I want to tell you what happened.

We held many civilians as hostages. Many hostages were scared and wouldn't be quiet. We were waiting for the train full of police. We were supposed to wait 12 hours but it took 32 hours.

The plan wasn't going to plan and got shot many times sparks flying off our armour we were so mad the plan wasn't working.

Ned told us "we are fighting for justice".

The shooting began and we were surrounded by police. We could see blood, bullets, broken glass. We all feel bullets and blood dripping down me.

The plan wasn't working. Ned by himself two of our men were gone.

Just remember we weren't bad people, we were fighting for justice.

Thanks mates for coming.
